Please allow me to introduce myself,

I moved to La Ventana a little over a year ago last August with my two children. I had been living in La Paz since 2005 and although I loved it

there, I had always felt a strong attraction

to the small town lifestyle and relaxed pace of this area. So when I was offered the opportunity to work in real estate at the La Ventana Diamante Associates office I seized it.

I'm here full time, loving it, completely settled and already making a lot of new friends and business. Please let me know if I can help you with selling or buying real estate in this area.

I speak fluent Spanish and English, know the ins and outs of transferring title in Mexico and have the benefit of a large team of agents working within our company. We are also very fortunate to enjoy excellent referral relations with all the brokerages from La Paz to Los Cabos. I will look forward to meeting you as part of the community and possibly working with you in the future, please stop by our office anytime and enjoy the new Directory my associate Maribel prepared!
